APPENDIX "B"

PART 614—UNEMPLOYMENT COMPENSATION FOR EX-SERVICEMEMBERS

Subpart A—General Provisions

§ 614.1 Purpose and application.

(a) Purpose. Subchapter II of chapter 85, title 5 of the United States Code (5 U.S.C. 8521-8525) provides for a permanent program of unemployment compensation for unemployed individuals separated from the Armed Forces. The unemployment compensation provided for in subchapter II is hereinafter referred to as Unemployment Compensation for Ex-servicemembers, or UCX. The regulations in this part are issued to implement the UCX Program.

(b) First rule of construction. The Act and the implementing regulations in this part shall be construed liberally so as to carry out the purposes of the Act.

(c) Second rule of construction. The Act and the implementing regulations in this part shall be construed so as to assure insofar as possible the uniform interpretation and application of the Act throughout the United States.

(d) Effectuating purpose and rules of construction. (1) In order to effectuate the provisions of this section, each State agency shall forward to the United States Department of Labor (hereafter Department), not later than 10 days after issuance, a copy of each judicial or administrative decision ruling on an individual’s entitlement to payment of UCX or to credit for a waiting period. On request of the Department, a State agency shall forward to the Department a copy of any determination or redetermination ruling on an individual’s entitlement to UCX or waiting period credit.

(2)(i) If the Department believes that a determination, redetermination, or decision is inconsistent with the Department’s interpretation of the Act or
this part, the Department may at any time notify the State agency of the Department's view. Thereafter, the State agency shall issue a redetermination or appeal if possible, and shall not follow such determination, redetermination, or decision as a precedent; and, in any subsequent proceedings which involve such determination, redetermination, or decision, or wherein such determination, redetermination, or decision is cited as precedent or otherwise relied upon, the State agency shall inform the claims deputy or hearing officer or court of the Department's view and shall make all reasonable efforts, including appeal or other proceedings in an appropriate forum, to obtain modification, limitation, or overruling of the determination, redetermination, or decision.

(ii) If the Department believes that a State agency has failed to use, or use in a timely manner, the crossmatch mechanism at the claims control center designated by the Department, the Department may at any time notify the State of the Department's view. Thereafter, the State agency shall take action to ensure that operable procedures for the effective utilization of the claims control center are in place and adhered to. In any case of any determination, redetermination, or decision that is not legally warranted under the Act or this part had the State used, or used in a timely manner, the crossmatch mechanism at the claims control center designated by the Department, State agency shall take the steps outlined in paragraph (d)(2)(i) of this section.

(3) If the Department believes that a determination, redetermination, or decision is patently and flagrantly violative of the Act or this part, the Department may at any time notify the State agency of the Department's view. If the determination, redetermination, or decision in question denies UCX to a claimant, the steps outlined in paragraph (2) above shall be followed by the State agency. If the determination, redetermination, or decision in question awards UCX to a claimant, the benefits are "due" within the meaning of section 303(a)(1) of the Social Security Act, 42 U.S.C. 503(a)(1), and therefore must be paid promptly to the claimant.

However, the State agency shall take the steps outlined in paragraph (d)(2) of this section, and payments to the claimant may be temporarily delayed if redetermination or appeal action is taken not more than one business day following the day on which the first payment otherwise would be issued to the claimant; and the redetermination action or appeal seeks an expedited redetermination or appeal within not more than two weeks after the redetermination action is taken or the appeal is filed. If redetermination action is not taken or appeal is not filed within the above time limit, or a redetermination or decision is not obtained within the two-week limit, or any redetermination or decision or order is issued which affirms the determination, redetermination, or decision awarding UCX or allows it to stand in whole or in part, the benefits awarded must be paid promptly to the claimant.

(4)(i) If any determination, redetermination, or decision, referred to in paragraph (d)(2) or paragraph (d)(3) of this section, is treated as a precedent for any future UCX claim or claim under the UCFE Program (part 609 of this chapter), the Secretary will decide whether the Agreement with the State entered into under the Act shall be terminated.

(ii) In the case of any determination, redetermination, or decision that is not legally warranted under the Act or this part, including any determination, redetermination, or decision referred to in paragraph (d)(2) or in paragraph (d)(3) of this section, the Secretary will decide whether the State shall be required to restore the funds of the United States for any sums paid under such a determination, redetermination, or decision, and whether, in absence of such restoration, the Agreement with the State shall be terminated and whether other action shall be taken to recover such sums for the United States.

(5) A State agency may request reconsideration of a notice issued pursuant to paragraph (d)(2) or paragraph (d)(3) of this section, and shall be given
an opportunity to present views and arguments if desired.

(6) Concurrence of the Department in a determination, redetermination, or decision shall not be presumed from the absence of a notice issued pursuant to this section.

§614.4 Weekly and maximum benefit amounts.

(a) Total unemployment. The weekly amount of UCX payable to an eligible individual for a week of total unemployment shall be the amount that would be payable to the individual as unemployment compensation for a week of total unemployment as determined under the applicable State law.

The weekly and maximum amounts of UCX payable to an individual under the UCX Program shall be determined under the applicable State law to be in the same amount, on the same terms, and subject to the same conditions as the State unemployment compensation which would be payable to the individual under the applicable State law if the individual’s Federal military service and Federal military wages assigned or transferred under this part to the State had been included as employment and wages covered by that State law, subject to the use of the applicable Schedule of Remuneration.

§614.5 Claims for UCX.

(a) First claims. A first claim for UCX shall be filed by an individual in any State agency of any State according to the applicable State law, and on a form prescribed by the Department which shall be furnished to the individual by the State agency where the claim is filed.

(b) Weekly claims. Claims for waiting week credit and payments of UCX for weeks of unemployment shall be filed in any State agency (or Canada) at the times and in the manner as claims for State unemployment compensation are filed under the applicable State law, and on forms prescribed by the Department which shall be furnished to the individual by the State agency where the claim is filed.

The procedures for reporting and filing claims for UCX and waiting period credit shall be consistent with this part 614 and the Secretary’s “Standard for Claim Filing, Claimant Reporting, Job Finding and Employment Services” in the Employment Security Manual, part V, sections 5000-5004 (appendix A of this part).

§614.6 Determinations of entitlement; notices to individual and Federal military agency.

(a) Determinations of first claim. Except for findings of a Federal military agency and the applicable Schedule of Remuneration which are final and conclusive under §614.23, the State agency whose State law applies to an individual under §614.3 shall, promptly upon the filing of a first claim for UCX, determine whether the individual is otherwise eligible, and, if the individual is found to be eligible, the individual’s benefit year and the weekly and maximum amounts of UCX payable to the individual.

(b) Determinations of weekly claims. The State agency promptly shall, upon the filing of a claim for a payment of UCX or waiting period credit with respect to a week, determine whether the individual is entitled to a payment of UCX or waiting period credit respect to such week, and, if entitled, the amount of UCX or waiting period credit to which the individual is entitled.

(c) Redetermination. The provisions of the applicable State law concerning the right to request, or authority to undertake, reconsideration of a determination pertaining to State unem-
ployment compensation under the applicable State law shall apply to determinations pertaining to UCX.

(d) Notices to individual and Federal military agency. (1) The State agency promptly shall give notice in writing to the individual of any determination or redetermination of a first claim, and, except as may be authorized under paragraph (g) of this section, of any determination or redetermination of any weekly claim which denies UCX or waiting period credit or reduces the weekly amount or maximum amount initially determined to be payable. Each notice of determination or redetermination shall include such information regarding the determination or redetermination and notice of right to reconsideration or appeal, or both, as is furnished with written notices of determinations and redeterminations with respect to claims for State unemployment compensation. Such notice shall include the findings of any Federal military agency utilized in making the determination or redetermination, and shall inform the individual of the finality of Federal findings and the individual’s right to request correction of such findings as is provided in §614.22.

(2) A notice of claim filing and subsequent notices of monetary and nonmonetary determinations on a UCX claim shall be sent to each Federal military agency for which the individual performed Federal military service during the appropriate base period, together with notice of appeal rights of the Federal military agency to the same extent that chargeable employers are given such notices under State law and practice unless an alternate mechanism is established by the Department of Labor in lieu of such notices.

(e) Obtaining information for claim determinations. (1) Information required for the determination of claims for UCX shall be obtained by the State agency from claimants, employers, and others, in the same manner as information is obtained for claim purposes under the applicable State law, but Federal military findings shall be obtained from military documents, the applicable Schedule of Remuneration, and from Federal military agencies as prescribed in §§614.21 through 614.24. (f) Promptness. Full payment of UCX when due shall be consistent with this part and shall be made with the greatest promptness that is administratively feasible, but the provisions of part 640 of this chapter (relating to promptness of benefit payments) shall not be applicable to the UCX Program.

(g) Secretary’s standard. The procedures for making determinations and redeterminations, and furnishing written notices of determinations, redeterminations, and rights of appeal to individuals applying for UCX and to appropriate Federal military agencies shall be consistent with this part 614 and the Secretary’s “Standard for Claim Determinations—Separation Information” in the Employment Security Manual, part V, sections 6010–6015 (Appendix B of this part).

§614.7 Appeal and review.

(a) Applicable State Law. The provisions of the applicable State law concerning the right of appeal and fair hearing from a determination or redetermination of entitlement to State unemployment compensation (exclusive of findings which are final and conclusive under §614.25) shall apply to determinations and redeterminations of eligibility for or entitlement to UCX and waiting period credit. Any such determination or redetermination shall be subject to appeal and review only in the manner and to the extent provided in the applicable State law with respect to determinations and redeterminations of entitlement to State unemployment compensation.

(Section 614.24 governs appeals of findings of the Veterans Administration)

(b) Rights of appeal and fair hearing. The provisions on right of appeal and opportunity for a fair hearing with respect to claims for UCX shall be consistent with this part and with sections 303(a)(1) and 303(a)(3) of the Social Security Act, 42 U.S.C. 503(a)(1) and 503(a)(3).

(c) Promptness on appeals. (1) Decisions on appeals under the UCX Program shall accord with the Secretary’s “Standard for Appeals Promptness—
Unemployment Compensation" in part 650 of this chapter, and with §614.1(d).

(2) Any provision of an applicable State law for advancement or priority of unemployment compensation cases on judicial calendars, or otherwise intended to provide for the prompt payment of unemployment compensation when due, shall apply to proceedings involving claims for UCX.

(d) Appeal and review by Federal military agency. If a Federal military agency believes that a State agency's determination or redetermination of an individual's eligibility for or entitlement to UCX is incorrect, the Federal military agency may seek appeal and review of such determination or redetermination in the same manner as an interested employer may seek appeal and review under the applicable State law.

§614.8 The applicable State for an individual.

(a) The applicable State. The applicable State for an individual shall be the State to which the individual's Federal military service and Federal military wages are assigned or transferred under this section. The applicable State law for the individual shall be the State law of such State.

(b) Assignment of service and wages. (1) When an individual files a first claim, all of the individual's Federal military service and Federal military wages shall be deemed to be assigned to the State in which such claim is filed, which shall be the "Paying State" in the case of a combined-wage claim. (§616.6(e) of this chapter.)

(2) Federal military service and Federal military wages assigned to a State in error shall be reassigned for use by the proper State agency. An appropriate record of the reassignment shall be made by the State agency which makes the reassignment.

(c) Assignment deemed complete. All of an individual's Federal military service and Federal military wages shall be deemed to have been assigned to a State upon the filing of a first claim. Federal military service and Federal military wages shall be assigned to a State only in accordance with paragraph (b) of this section.

(d) Use of assigned service and wages. All assigned Federal military service and Federal military wages shall be used only by the State to which assigned in accordance with paragraph (b) of this section, except that any Federal military service and Federal military wages which are not within the base period of the State to which they were assigned shall be subject to transfer in accordance with part 616 of this chapter for the purposes of any subsequent Combined-Wage Claim filed by the individual.

§614.9 Provisions of State law applicable to UCX claims.

(a) Particular provisions applicable. Except where the result would be inconsistent with the provisions of the Act or this part or the procedures hereunder prescribed by the Department, the terms and conditions of the applicable State law which apply to claims for, and the payment of, State unemployment compensation shall apply to claims for, and the payment of, UCX and claims for waiting period credit. The provisions of the applicable State law which shall apply include, but are not limited to:

(1) Claim filing and reporting;

(2) Information to individuals, as appropriate;

(3) Notices to individuals, as appropriate, including notice to each individual of each determination and redetermination of eligibility for or entitlement to UCX;

(4) Determinations and redeterminations;

(5) Ability to work, availability for work, and search for work; and

(6) Disqualifications, except in regard to separation from any Federal military agency.

(b) IBPP. The Interstate Benefit Payment Plan shall apply, where appropriate, to individuals filing claims for UCX.

(c) Wage combining. The State's provisions complying with the Interstate Arrangement for Combining Employment and Wages (part 616 of this chapter) shall apply, where appropriate, to individuals filing claims for UCX.

(d) Procedural requirements. The provisions of the applicable State law which apply hereunder to claims for and the payment of UCX shall be applied consistently with the requirements of title
III of the Social Security Act and the Federal Unemployment Tax Act which are pertinent in the case of State unemployment compensation, including but not limited to those standards and requirements specifically referred to in the provisions of this part, except as provided in paragraph (f) of §614.6.

§614.10 Restrictions on entitlement.

(a) Disqualification. If the week of unemployment for which an individual claims UCX is a week to which a disqualification for State unemployment compensation applies under the applicable State law, the individual shall not be entitled to a payment of UCX for that week. As provided in §614.9(a), no disqualification shall apply in regard to separation from any Federal military agency.

(b) Effect of “days lost”. The continuity of a period of an individual’s Federal military service shall not be deemed to be interrupted by reason of any “days lost” in such period, but “days lost” shall not be counted for purposes of determining:

(1) Whether an individual has performed Federal military service;

(2) Whether an individual meets the wage and employment requirements of a State law; or

(3) The amount of an individual’s Federal military wages.

(c) Allocation of military accrued leave. A State agency shall allocate the number of days of unused military leave specified in an ex-service member’s military document, for which a lump-sum payment has been made, in the same manner as similar payments by private employers to their employees are allocated under the applicable State law, except that the applicable Schedule of Remuneration instead of the lump-sum payment shall be used to determine the amount of the claimant’s Federal military wages. In a State in which a private employer has an option as to the period to which such payments shall be allocated, such payments shall be allocated to the date of the individual’s latest discharge or release from Federal military service. An allocation under this paragraph shall be disregarded in determining whether an individual has had a period of active service constituting Federal military service.

(d) Education and training allowances. An individual is not entitled to UCX under the Act or this part for a period with respect to which the individual receives:

(1) A subsistence allowance for vocational rehabilitation training under chapter 31 of title 38 of the United States Code, 38 U.S.C. 1501 et seq., or under part VIII of Veterans Regulation Numbered 1(a); or

(2) An educational assistance allowance or special training allowance under chapter 35 of title 38 of the United States Code, 38 U.S.C. 1700 et seq.

§614.11 Overpayments; penalties for fraud.

(a) False statements and representations. Section 8507(a) of the Act provides that if a State agency, the Department, or a court of competent jurisdiction finds that an individual—

(1) Knowingly has made, or caused to be made by another, a false statement or representation of a material fact, or knowingly has failed, or caused another to fail, to disclose a material fact; and

(2) As a result of that action has received an amount as UCX to which the individual was not entitled; the individual shall repay the amount to the State agency or the Department. Instead of requiring repayment, the State agency or the Department may recover the amount by deductions from UCX payable to the individual during the 2-year period after the date of the finding. A finding by a State agency or the Department may be made only after an opportunity for a fair hearing, subject to such further review as may be appropriate under §614.7.

(b) Prosecution for fraud. Section 1919 of title 18, United States Code, provides that whoever makes a false statement or representation of a material fact knowing it to be false, or knowingly fails to disclose a material fact, to obtain or increase for himself or for any other individual any payment authorized to be paid under chapter 65 of title 5, United States Code, or under an agreement thereunder, shall be fined not more than $1,000 or imprisoned not more than one year, or both.
§614.11 (c) Absence of fraud. If a State agency or court of competent jurisdiction finds that an individual has received a payment of UCX to which the individual was not entitled under the Act and this part, which was not due to a false statement or representation as provided in paragraph (a) or (b) of this section, the individual shall be liable to repay to the applicable State the total sum of the payment to which the individual was not entitled, and the State agency shall take all reasonable measures authorized under any State law or Federal law to recover for the account of the United States the total sum of the payment to which the individual was not entitled.

(d) Recovery by offset. (1) The State agency shall recover, insofar as is possible, the amount of any overpayment which is not repaid by the individual, by deductions from any UCX payable to the individual under the Act and this part, or from any unemployment compensation payable to the individual under any Federal unemployment compensation law administered by the State agency, or from any assistance or allowance payable to the individual with respect to unemployment under any other Federal law administered by the State agency.

(2) A State agency shall also recover, insofar as is possible, the amount of any overpayment of UCX made to the individual by another State by deductions from any UCX payable by the State agency to the individual under the Act and this part, or from any unemployment compensation payable to the individual under any Federal unemployment compensation law administered by the State agency, or from any assistance or allowance payable to the individual with respect to unemployment under any other Federal law administered by the State agency.

(3) Recoupment of fraudulent overpayments referred to in paragraph (a) of this section shall be limited to the 2-year period stated in that paragraph. Recoupment of fraudulent overpayments referred to in paragraph (b) of this section, and nonfraudulent overpayments referred to in paragraph (c) of this section shall be subject to any time limitation on recoupment provided for in the State law that applies to the case.

(e) Debts due the United States. UCX payable to an individual shall be applied by the State agency for the recovery by offset of any debt due to the United States from the individual, but shall not be applied or used by the State agency in any manner for the payment of any debt of the individual to any State or any other person except pursuant to a court order for child support or alimony in accordance with the law of the State and section 458 of the Social Security Act, 42 U.S.C. 658.

(f) Application of State law. (1) Except as indicated in paragraph (a) of this section, any provision of State law that may be applied for the recovery of overpayments or prosecution for fraud, and any provision of State law authorizing waiver of recovery of overpayments of unemployment compensation, shall be applicable to UCX.

(2) In the case of any finding of false statement of representation under the Act and paragraph (a) of this section, or prosecution for fraud under 18 U.S.C. 19 19 or pursuant to paragraph (f)(1) of this section, the individual shall be disqualified or penalized in accordance with the provisions of the applicable State law relating to fraud in connection with a claim for State unemployment compensation.

(g) Final decision. Recovery of any overpayment of UCX shall not be enforced by the State agency until the determination or redetermination establishing the overpayment has become final, or if appeal is taken from the determination or redetermination, until the decision after opportunity for a fair hearing has become final.

(h) Procedural requirements. (1) The provisions of paragraphs (c), (d), and (g) of §614.6 shall apply to determinations and redeterminations made pursuant to this section.

(2) The provisions of §614.7 shall apply to determinations and redeterminations made pursuant to this section.

(i) Fraud detection and prevention. Provisions in the procedures of each State with respect to detection and prevention of fraudulent overpayments of UCX shall be, as a minimum, com-
mensurate with the procedures adopted by the State with respect to State unemployment compensation and consistent with this part 614 and the Secretary's "Standard for Fraud and Overpayment Detection" in the Employment Security Manual, part V, sections 7610-7615 (Appendix C of this part), and provide for timely use of any crossmatch mechanism established by the Department.

(f) Recovered overpayments. An amount repaid or recouped under this section shall be—

(1) Deposited in the fund from which payment was made, if the repayment was to a State agency; or

(2) Returned to the Treasury of the United States and credited to the current applicable appropriation, fund, or account from which payment was made, if the repayment was to the Department.

§ 614.12 Schedules of remuneration.

(a) Authority. Section 8521(a)(2) of chapter 85, title 5 of the United States Code, 5 U.S.C. 8521(a)(2), requires the Secretary of Labor to issue from time to time, after consultation with the Secretary of Defense, a Schedule of Remuneration specifying the pay and allowances for each pay grade of members of the Armed Forces.

(b) Elements of schedule. A schedule reflects representative amounts for appropriate elements of the pay and allowances, whether in cash or kind, for each pay grade of members of the Armed Forces, with a statement of the effective date of the schedule. Benefit amounts for the UCX Program are computed on the basis of the Federal military wages for the pay grade of the individual at the time of the individual's latest discharge or release from Federal military service, as specified in the schedule applicable at the time the individual files his or her first claim for compensation for the benefit year.

(c) Effective date. Any new Schedule of Remuneration shall take effect beginning with the first week of the calendar quarter following the calendar quarter in which such schedule is issued, and shall remain applicable until a subsequent schedule becomes effective. Prior schedules shall continue to remain applicable for the periods they were in effect.

(d) Publication. Any new Schedule of Remuneration shall be issued by the Secretary of Labor to the State agencies and the Federal military agencies. Promptly after the issuance of a new Schedule of Remuneration it shall be published as a notice in the FEDERAL REGISTER.

§ 614.13 Inviolable rights to UCX.

Except as specifically provided in this part, the rights of individuals to UCX shall be protected in the same manner and to the same extent as the rights of persons to State unemployment compensation are protected under the applicable State law. Such measures shall include protection of applicants for UCX from waiver, release, assignment, pledge, encumbrance, levy, execution, attachment, and garnishment of their rights to UCX, except as provided in §614.11. In the same manner and to the same extent, individuals shall be protected from discrimination and obstruction in regard to seeking, applying for, and receiving any right to UCX.

§ 614.14 Recordkeeping; disclosure of information.

(a) Recordkeeping. Each State agency will make and maintain records pertaining to the administration of the UCX Program as the Department requires, and will make all such records available for inspection, examination, and audit by such Federal officials or employees as the Department may designate or as may be required by law.

(b) Disclosure of information. Information in records maintained by a State agency in administering the UCX Program shall be kept confidential, and information in such records may be disclosed only in the same manner and to the same extent as information with respect to State unemployment compensation and the entitlement of individuals thereto may be disclosed under the applicable State law. This provision on the confidentiality of information maintained in the administration of the UCX Program shall not apply, however, to the Department or for the purposes of §§614.11 or 614.14, or in the
§ 614.15 Payments to States.

(a) State entitlement. Each State is entitled to be paid by the United States with respect to each individual whose base period wages included Federal military wages, an amount bearing the same ratio to the total amount of compensation paid to such individual as the amount of the individual's Federal military wages in the individual's base period bears to the total amount of the individual's base period wages.

(b) Payment. Each State shall be paid, either in advance or by way of reimbursement, as may be determined by the Department, the sum that the Department estimates the State is entitled to receive under the Act and this part for each calendar month. The sum shall be reduced or increased by the amount which the Department finds that its estimate for an earlier calendar month was greater or less than the sum which should have been paid to the State. An estimate may be made on the basis of a statistical, sampling, or other method agreed on by the Department and the State agency.

(c) Certification by the Department. The Department, from time to time, shall certify to the Secretary of the Treasury the sum payable to each State under this section. The Secretary of the Treasury, before audit or settlement by the General Accounting Office, shall pay the State in accordance with the certification from the funds for carrying out the purposes of the Act and this part.

(d) Use of money. Money paid a State under the Act and this part may be used solely for the purposes for which it is paid. Money so paid which is not used solely for these purposes shall be returned, at the time specified by the Agreement, to the Treasury of the United States and credited to the current applicable appropriation, fund, or account from which payments to States under the Act and this part may be made.

§ 614.16 Public access to Agreements.

The State agency of a State will make available to any individual or organization a true copy of the Agreement with the State for inspection and copying. Copies of an Agreement may be furnished on request to any individual or organization upon payment of the same charges, if any, as apply to the furnishing of copies of other records of the State agency.

§ 614.17 Administration in absence of an Agreement.

(a) Administering program. The Department shall administer the UCX Program through personnel of the Department or through other arrangements under procedures prescribed by the Department, in the case of any State which does not have an Agreement with the Secretary as provided for in 5 U.S.C. 8502. The procedures prescribed by the Department under this section shall be consistent with the Act and this part.

(b) Applicable State law. On the filing by an individual of a claim for UCX in accordance with arrangements under this section, UCX shall be paid to the individual, if eligible, in the same amount, on the same terms, and subject to the same conditions as would be paid to the individual under the applicable State law if the individual's Federal military service and Federal military wages had been included as employment and wages under the State law. Any such claims shall include the individual's Federal military service and Federal military wages, combined with any service and wages covered by State law. However, if the individual, without regard to his or her Federal military service and Federal military wages, has employment or wages sufficient to qualify for compensation during the benefit year under that State law, then payments of UCX under this section may be made only on the basis of the individual's Federal military service and Federal military wages.

(c) Fair hearing. An individual whose claim for UCX is denied under this section is entitled to a fair hearing under rules of procedures prescribed by the
Department. A final determination by the Department with respect to entitlement to UCX under this section is subject to review by the courts in the same manner and to the same extent as is provided by section 205(g) of the Social Security Act, 42 U.S.C. 405(g).

§ 614.18 Information, reports, and studies.

State agencies shall furnish to the Department such information and reports and conduct such studies as the Department determines are necessary or appropriate for carrying out the purposes of the UCX Program.

Subpart C—Responsibilities of Federal Military Agencies and State Agencies

§ 614.20 Information to ex-servicemembers.

At the time of discharge or release from Federal military service, each Federal military agency shall furnish to each ex-servicemember information explaining rights and responsibilities under the UCX Program and 18 U.S.C. 1919, and military documents necessary for filing claims for UCX.

§ 614.21 Findings of Federal military agency.

(a) Findings in military documents. Information contained in a military document furnished to an ex-servicemember shall constitute findings to which §614.23 applies as to:

(1) Whether the individual has performed active service in the Armed Forces or the Commissioned Corps of the National Oceanic and Atmospheric Administration;

(2) The beginning and ending dates of the period of active service and “days lost” during such period;

(3) The type of discharge or release terminating the period of active service;

(4) The individuals’ pay grade at the time of discharge or release from active service; and

(5) The narrative reason or other reason for separation from active service.

(b) Discharges not under honorable conditions. A military document which shows that an individual’s discharge or release was under other than honorable conditions shall also be a finding to which §614.20 applies.

[53 FR 40555, Oct. 17, 1988]

§ 614.22 Correcting Federal findings.

(a) Request for correction. (1) If an individual believes that a finding specified in §614.21 is incorrect or that information as to any finding has been omitted from a military document, the individual may request the issuing Federal military agency to correct the military document. A request for correction may be made through the State agency, which shall forward such request and any supporting information submitted by the individual to the Federal military agency.

(2) The Federal military agency shall promptly forward to the individual or State agency making the request the corrected military document. Information contained in a corrected military document issued pursuant to such a request shall constitute the findings of the Federal military agency under §614.21.

(3) If a determination or redetermination based on a finding as to which correction is sought has been issued by a State agency before a request for correction under this paragraph is made, the individual who requested such correction shall file a request for redetermination or appeal from such determination or redetermination with the State agency, and shall inform the State agency of the request for correction.

(4) An individual who files a request for correction of findings under this paragraph shall promptly notify the State agency of the action of the Federal military agency on such request.

(b) State agency procedure when request made. (1) If a determination of entitlement has not been made when an individual notifies a State agency of a request for correction under paragraph (a) of this section, the State agency may postpone such determination until the individual has notified the State agency of the action of the Federal military agency on the request.

(2) If a determination of entitlement has been made when an individual notifies a State agency that a request for correction of Federal findings has been made, or if an individual notifies a
§ 614.23 Finality of findings.

The findings of a Federal military agency referred to in §§614.21 and 614.22, and the Schedules of Remuneration issued by the Department pursuant to the Act and §614.12, shall be final and conclusive for all purposes of the UCX Program, including appeal and review pursuant to §614.7 or §614.17.

[53 FR 40555, Oct. 17, 1988]

§ 614.24 Furnishing other information.

(a) Additional information. In addition to the information required by §§614.21 and 614.22, a Federal military agency shall furnish to a State agency or the Department, within the time requested, any information which it is not otherwise prohibited from releasing by law, which the Department determines is necessary for the administration of the UCX Program.

(b) Reports. Federal military agencies shall furnish to the Department or State agencies such reports containing such information as the Department determines are necessary or appropriate for carrying out the purposes of the UCX Program.

§ 614.25 Liaison with Department

To facilitate the Department's administration of the UCX program, each Federal military agency shall designate one or more of its officials to be the liaison with the Department. Each Federal military agency will inform the Department of its designation(s) and of any change in a designation.

APPENDIX "A" TO PART 614—STANDARD FOR CLAIM FILING, CLAIMANT REPORTING, JOB FINDING, AND EMPLOYMENT SERVICES

EMPLOYMENT SECURITY MANUAL (PART V, SECTIONS 5000-5004)*

5000-5099 CLAIMS FILING

5000 Standards for Claim Filing, Claimant Reporting, Job Finding, and Employment Services

A: Federal law requirements. Section 3304(a)(1) of the Federal Unemployment Tax Act and section 3303(a)(2) of the Social Security Act require that a State law provide for: "Payment of unemployment compensation solely through public employment offices or such other agencies as the Secretary may approve."

Section 3304(a)(4) of the Federal Unemployment Tax Act and section 3303(a)(5) of the Social Security Act require that a State law provide for: "Expenditure of all money withdrawn from an unemployment fund of such State, in the

payment of unemployment compensation.

Section 303(a)(1) of the Social Security Act requires that the State law provide for:

"Such methods of administration ... as are found by the Secretary to be reasonably calculated to insure full payment of unemployment compensation when due."

B. Secretary's interpretation of Federal law requirements.

1. The Secretary interprets section 303(a)(1) of the Federal Unemployment Tax Act and section 303(a)(2) of the Social Security Act to require that a State law provide for payment of unemployment compensation solely through public employment offices or claims offices administered by the State employment security agency if such agency provides for such coordination in the operations of its public employment offices and claims offices as will insure: (a) The payment of benefits only to individuals who are unemployed and who are able to work and available for work, and (b) that individuals claiming unemployment compensation (claimants) are afforded such placement and other employment services as are necessary and appropriate to return them to suitable work as soon as possible.

2. The Secretary interprets all the above sections to require that a State law provide for:

a. Such contact by claimants with public employment offices or claims offices or both, (1) as will reasonably assure the payment of unemployment compensation only to individuals who are unemployed and who are able to work and available for work, and (2) that claimants are afforded such placement and other employment services as are necessary and appropriate to facilitate their return to suitable work as soon as possible; and

b. Methods of administration which do not unreasonably limit the opportunity of individuals to establish their right to unemployment compensation due under such State law.

5001 Claim Filing and Claimant Reporting Requirements Designed to Satisfy Secretary's Interpretation

A. Claim filing—total or part-total unemployment.

1. Individuals claiming unemployment compensation for total or part-total unemployment are required to file a claim weekly or biweekly, in person or by mail, at a public employment office or a claims office (these terms include offices at itinerant points) as set forth below.

2. Except as provided in paragraph 3, a claimant is required to file in person:

a. His new claim with respect to a benefit year, or his continued claim for a waiting week or for his first compensable week of unemployment in such year; and

b. Any other claim, when requested to do so by the claims personnel at the office at which he files his claim(s) because questions about his right to benefits are raised by circumstances such as the following:

(1) The conditions or circumstances of his separation from employment;

(2) The claimant's answers to questions on mail claim(s) indicate that he may be unable to work or that there may be undue restrictions on his availability for work or that his search for work may be inadequate or that he may be disqualified;

(3) The claimant's answers to questions on mail claims create uncertainty about his credibility or indicate a lack of understanding of the applicable requirement; or

(4) The claimant's record shows that he has previously filed a fraudulent claim.

In such circumstances, the claimant is required to continue to file claims in person each week (or biweekly) until the State agency determines that filing claims in person is no longer required for the resolution of such questions.

3. A claimant must be permitted to file a claim by mail in any of the following circumstances:

a. He is located in an area requiring the expenditure of an unreasonable amount of time or money in traveling to the nearest facility established by the State agency for filing claims in person;

b. Conditions make it impracticable for the agency to take claims in person;

c. He has returned to full-time work on or before the scheduled date for his filing a claim, unless the agency makes provision for in-person filing at a time and place that does not interfere with his employment;

d. The agency finds that he has good cause for failing to file a claim in person.

4. A claimant who has been receiving benefits for partial unemployment may continue to file claims as if he were a partially unemployed worker for the first four consecutive weeks of total or part-total unemployment immediately following his period of partial unemployment so long as he remains attached to his regular employer.

B. Claim filing—partial unemployment. Each individual claiming unemployment compensation for a week (or other claim period) during which, because of lack of work, he is working less than his normal customary full-time hours for his regular employer and is earning less than the earnings limit provided in the State law, shall not be required to file a claim for such week or other claim period earlier than 2 weeks from the date that wages are paid for such claim period or, if a low earnings report is required by the State law, from the date the employer furnished such report to the individual. State agencies may permit claims for partial unemployment to be filed either in person or by mail, except that in the circumstances set forth in
section A 3, filing by mail must be permitted, and in the circumstances set forth in section A 2 b, filing in person may be required.

5002 Requirement for Job Finding, Placement, and other Employment Services Designed to Satisfy Secretary’s Interpretation

A. Claims personnel are required to assure that each claimant is doing what a reasonable individual in his circumstances would do to obtain suitable work.

B. In the discretion of the State agency:

1. The claims personnel are required to give each claimant such necessary and appropriate assistance as they reasonably can in finding suitable work and at their discretion determine when more complete placement and employment services are necessary and appropriate for a claimant; and if they determine more complete services are necessary and appropriate, the claims personnel are required to refer him to employment service personnel in the public employment office in which he has been filing claim(s), or, if he has been filing in a claims office in the public employment office most accessible to him; or

2. All placement and employment services are required to be afforded to each claimant by employment service personnel in the public employment office most accessible to him, in which case the claims personnel in the office in which the claimant files his claim are to refer him to the employment service personnel when placement or other employment services are necessary and appropriate for him.

C. The personnel to whom the State agency assigns the responsibilities outlined in paragraph B above are required to give claimants such job-finding assistance, placement, and other employment services as are necessary and appropriate to facilitate their return to suitable work as soon as possible.

In some circumstances, no such services or only limited services may be required. For example, if a claimant is on a short-term temporary layoff with a fixed return date, the only service necessary and appropriate to be given to him during the period of the layoff is a referral to suitable temporary work if such work is being performed in the labor market area.

Similarly, claimants whose unemployment is caused by a labor dispute presumably will return to work with their employer as soon as the labor dispute is settled. They generally do not need services, nor do individuals in occupations where placement customarily is made by other nonfee-charging placement facilities such as unions and professional associations.

Claimants who fall within the classes which ordinarily would require limited services or no services shall, if they request placement and employment services, be afforded such services as are necessary and appropriate for them to obtain suitable work or to achieve their reasonable employment goals.

On the other hand, a claimant who is permanently separated from his job is likely to require some services. He may need only some direction in how to get a job; he may need placement services if he is in an occupation for which there is some demand in the labor market area; if his occupation is outdated, he may require counseling and referral to a suitable training course. The extent and character of the services to be given any particular claimant may change with the length of his unemployment and depend not only on his own circumstances and conditions, but also on the condition of the labor market in the area.

D. Claimants are required to report to employment service personnel, as directed, such personnel and the claims personnel are required to so arrange and coordinate the contacts required of a claimant as not to place an unreasonable burden on him or unreasonably limit his opportunity to establish his rights to compensation. As a general rule, a claimant is not required to contact in person claims personnel or employment service personnel more frequently than once a week, unless he is directed to report more frequently for a specific service such as referral to a job or a training course or counseling which cannot be completed in one visit.

E. Employment service personnel are required to report promptly to claims personnel in the office in which the claimant files his claim(s): (1) His failure to apply for or accept work to which he was referred by such personnel or when known, by any other nonfee-charging placement facility such as a union or a professional association; and (2) any information which becomes available to it that may have a bearing on the claimant’s ability to work or availability for work, or on the suitability of work to which he was referred or which was offered to him.

5004 Evaluation of Alternative State Provisions. If the State law provisions do not conform to the “suggested State law requirements” set forth in sections 5001 and 5002, but the State law contains alternative provisions, the Manpower Administrator, in collaboration with the State agency, will study the actual or anticipated effect of the alternative provisions. If the Manpower Administrator concludes that the alternative provisions satisfy the requirements of the Federal law as construed by the Secretary (see section 5000 B) he will so notify the State agency. If he does not so conclude, he will submit the matter to the Secretary. If the Secretary concludes that the alternative provisions satisfy such requirements, the State agency will be so noti-
fied. If the Secretary concludes that there is a question as to whether the alternative provisions satisfy such requirements, the State agency will be advised that unless the State law provisions are appropriately revised, a notice of hearing will be issued as required by the Code of Federal Regulations, title 20, section 601.3.

APPENDIX “B” TO PART 614—STANDARD FOR CLAIM DETERMINATION—SEPARATION INFORMATION

EMPLOYMENT SECURITY MANUAL (PART V, SECTIONS 6010–6015)

6010–6019 Standard for Claim Determinations—Separation Information*

6010 Federal Law Requirements. Section 303(a)(1) of the Social Security Act requires that a State law include provision for:

"Such methods of administration . . . as are found by the Secretary to be reasonably calculated to insure full payment of unemployment compensation when due."

Section 303(a)(3) of the Social Security Act requires that a State law include provision for:

"Opportunity for a fair hearing before an impartial tribunal, for all individuals whose claims for unemployment compensation are denied."

Section 303(a)(4) of the Federal Unemployment Tax Act and section 303(a)(5) of the Social Security Act require that a State law include provision for:

"Expenditure of all money withdrawn from an unemployment fund of such State, in the payment of unemployment compensation ***.

Section 303(b) of the Federal Unemployment Tax Act defines "compensation" as "cash benefits payable to individuals with respect to their unemployment."

6011 Secretary’s Interpretation of Federal Law Requirements. The Secretary interprets the above sections to require that a State law include provisions which will insure that:

A. Individuals who may be entitled to unemployment compensation are furnished such information as will reasonably afford them an opportunity to know, establish, and protect their rights under the unemployment compensation law of such State, and

B. The State agency obtains and records in time for the prompt determination and review of benefit claims such information as will reasonably insure the payment of benefits to individuals to whom benefits are due.

6012 Criteria for Review of State Law Conformity with Federal Requirements

In determining the conformity of a State law with the above requirements of the Federal Unemployment Tax Act and the Social Security Act as interpreted by the Secretary, the following criteria will be applied:

A. Is it required that individuals who may be entitled to unemployment compensation be furnished such information of their potential rights to benefits, including the manner and places of filing claims, the reasons for determinations, and their rights of appeal, as will insure them a reasonable opportunity to know, establish, and protect their rights under the law of the State?

B. Is the State agency required to obtain, in time for prompt determination of rights to benefits such information as will reasonably assure the payment of benefits to individuals to whom benefits are due?

C. Is the State agency required to keep records of the facts considered in reaching determinations of rights to benefits?

6013 Claim Determinations Requirements Designed To Meet Department of Labor Criteria

A. Investigation of claims. The State agency is required to obtain promptly and prior to a determination of an individual’s right to benefits, such facts pertaining thereto as will be sufficient reasonably to assure the payment of benefits when due.

This requirement embraces five separate elements:

1. It is the responsibility of the agency to take the initiative in the discovery of information. This responsibility may not be passed on the claimant or the employer. In addition to the agency's own records, this information may be obtained from the worker, the employer, or other sources. If the information obtained in the first instance discloses no essential disagreement and provides a sufficient basis for a determination, no further investigation is necessary. If the information obtained from other sources differs essentially from that furnished by the claimant, the agency, in order to meet its responsibility, is required to inform the claimant of such information from other sources and to afford the claimant an opportunity to furnish any further facts he may have.

2. Evidentiary facts must be obtained as distinguished from ultimate facts or conclusions. That a worker was discharged for misconduct is an ultimate fact or conclusion; that he destroyed a machine upon which he was working is a primary or evidentiary fact, and the sort of fact that the requirement refers to.

3. The information obtained must be sufficient reasonably to assure the payment of benefits when due. In general, the investigation made by the agency must be complete enough to provide information upon which the agency may act with reasonable assur-
ance that its decision is consistent with the unemployment compensation law. On the other hand, the investigation should not be so exhaustive and time-consuming as unduly to delay the payment of benefits and to result in excessive costs.

4. Information must be obtained promptly so that the payment of benefits is not unduly delayed.

5. If the State agency requires any particular evidence from the worker, it must give him a reasonable opportunity to obtain such evidence.

B. Recording of facts. The agency must keep a written record of the facts considered in reaching its determinations.

C. Determination notices

1. The agency must give each claimant a written notice of:
   a. Any monetary determination with respect to his benefit year;
   b. Any determination with respect to purging a disqualification if, under the State law, a condition or qualification must be satisfied with respect to each week of disqualification; but in lieu of giving written notice of determination in respect to each week in which it is determined that the claimant has failed to meet the requirements for purging the agency may inform the claimant that he has purged the disqualification for a week by notation on his applicant identification card or otherwise in writing;
   c. Any other determination which adversely affects his rights to benefits, except that written notice of determination need not be given with respect to:
      (1) A week in a benefit year for which the claimant’s weekly benefit amount is reduced in whole or in part by earnings if, the first time in the benefit year that there is such a reduction, he is required to be furnished a booklet or leaflet containing the information set forth below in paragraph 2f(1). However, a written notice of determination is required if: (a) There is a dispute concerning the reduction with respect to any week (e.g., as to the amount computed as the appropriate reduction, etc.); or (b) there is a change in the State law (or in the application thereof) affecting the reduction; or (2) Any week in a benefit year subsequent to the first week in such benefit year in which benefits were denied, or reduced in whole or in part for reasons other than earnings, if denial or reduction for such subsequent week is based on the same reason and the same facts as for the first week, and if written notice of determination is required to be given to the claimant with respect to such first week, and with such notice of determination, he is required to be given a booklet or pamphlet containing the information set forth below in paragraphs 2f(2) and 2h.

2. A determination “adversely affects” claimant’s right to benefits if it: (1) Results in a denial to him of benefits (including a cancellation of benefits or wage credits or any reduction in whole or in part below the weekly or maximum amount established by his monetary determination) for any week or other period; or (2) denies credit for a waiting week; or (3) applies any disqualification or penalty; or (4) determines that he has not satisfied a condition of eligibility, requalification for benefits, or purging a disqualification; or (5) determines that an overpayment has been made or orders repayment or recoupment of any sum paid to him; or (6) applies a previously determined overpayment, penalty, or order for repayment or recoupment; or (7) in any other way denies claimant a right to benefits under the State law.

NOTE: This procedure may be applied to determinations made with respect to any subsequent weeks for the same reason and on the basis of the same facts: (a) That claimant is unable to work, unavailable for work, or is disqualified under the labor dispute provision; and (b) reducing claimant’s weekly benefit amount because of income other than earnings or offset by reason of overpayment.

2. The agency must include in written notices of determinations furnished to claimants sufficient information to enable them to understand the determinations, the reasons therefor, and their rights to protest, request reconsideration, or appeal.

The written notice of monetary determination must contain the information specified in the following items (except b) unless an item is specifically not applicable. A written notice of any other determination must contain the information specified in as many of the following items as are necessary to enable the claimant to understand the determination and to inform him of his appeal rights. Information specifically applicable to the individual claimant must be contained in the written notice of determination. Information of general application such as (but not limited to) the explanation of benefits for partial unemployment, information as to deductions, seasonality factors, and information as to the manner and place of taking an appeal, extension of the appeal period, and where to obtain information and assistance may be contained in a booklet or pamphlet which is given the claimant with his monetary determination.
a. Base period wages. The statement concerning base-period wages must be in sufficient detail to show the basis of computation of eligibility and weekly and maximum benefit amounts. (If maximum benefits are allowed, it may not be necessary to show details of earnings.)

b. Employer name. The name of the employer who reported the wages is necessary so that the worker may check the wage transcript and know whether it is correct. If the worker is given only the employer number, he may not be able to check the accuracy of the wage transcript.

c. Explanation of benefit formula—weekly and maximum benefit amounts. Sufficient information must be given the worker so that he will understand how his weekly benefit amount, including allowances for dependents, and his maximum benefit amount were figured. If benefits are computed by means of a table contained in the law, the table must be furnished with the notice of determination whether benefits are granted or denied.

The written notice of determination must show clearly the weekly benefit amount and the maximum potential benefits to which the claimant is entitled.

The notice to a claimant found ineligible by reason of insufficient earnings in the base period must inform him clearly of the reason for ineligibility. An explanation of the benefit formula contained in a booklet or pamphlet should be given to each claimant at or prior to the time he receives written notice of a monetary determination.

d. Benefit year. An explanation of what is meant by the benefit year and identification of the claimant’s benefit year must be included in the notice of determination.

e. Information as to benefits for partial unemployment. There must be included either in the written notice of determination or in a booklet or pamphlet accompanying the notice an explanation of the claimant’s rights to partial benefits for any week with respect to which he is working less than his normal customary full-time workweek because of lack of work and for which he earns less than his weekly benefit amount or weekly amount plus earnings, whichever is provided by the State law. If the explanation is contained in the notice of determination, reference to the item in the notice in which his weekly benefit amount is entered should be made.

f. Deductions from weekly benefits.

(1) Earnings. Although written notice of determinations deducting earnings from a claimant's weekly benefit amount is generally not required (see paragraph 1c (1) above), where written notice of determination is required (or given) it shall set forth the amount of earnings, the method of computing the deduction in sufficient detail to enable the claimant to verify the accuracy of the deduction, and his right to protest, request redetermination, and appeal. Where a written notice of determination is given to the claimant because there has been a change in the State law or in the application of the law, an explanation of the change shall be included.

Where claimant is not required to receive a written notice of determination, he must be given a booklet or pamphlet the first time in his benefit year that there is a deduction for earnings which shall include the following information:

(a) The method of computing deductions for earnings in sufficient detail to enable the claimant to verify the accuracy of the deduction;

(b) That he will not automatically be given a written notice of determination for a week with respect to which there is a deduction for earnings (unless there is a dispute concerning the reduction with respect to a week or there has been a change in the State law or in the application of the law affecting the deduction) but that he may obtain such a written notice upon request; and

(c) A clear statement of his right to protest, request a redetermination, and appeal from any determination deducting earnings from his weekly benefit amount even though he does not automatically receive a written notice of determination; and if the State law requires written notice of determination in order to effectuate a protest, redetermination, or appeal, he must be so advised and advised also that he must request a written notice of determination before he takes any such action.

(2) Other deductions.

(a) A written notice of determination is required with respect to the first week in claimant’s benefit year in which there is a reduction from his benefits for a reason other than earnings. This notice must describe the deduction made from claimant’s weekly benefit amount, the reason for the deduction, the method of computing it in sufficient detail to enable him to verify the accuracy of such deduction, and his right to protest, request redetermination, or appeal.

(b) A written notice of determination is not required for subsequent weeks that a deduction is made for the same reason and on the basis of the same facts, if the notice of determination pursuant to (2)(a), or a booklet or pamphlet given him with such notice explains: (i) The several kinds of deductions which may be made under the State law (e.g., retirement pensions, vacation pay, and overpayments); (ii) the method of computing each kind of deduction in sufficient detail that claimant will be able to verify the accuracy of deductions made from his weekly benefit payments; (iii) any limitation on the amount of any deduction or the time in which any deduction may be made; (iv) that he will not automatically be given a written notice of determination for subsequent weeks with respect to which there is a deduc-
(2) The following information must be included either in the notice of determination or in separate informational material referred to in the notice:

(a) The manner in which the appeal, protest, or request for redetermination must be filed, e.g., by signed letter, written statement, or on a prescribed form, and the place or places to which the appeal, protest, or request for redetermination may be mailed or hand-delivered.

(b) An explanation of any circumstances (such as nonworkdays, good cause, etc.) which will extend the period for the appeal, protest, or request for redetermination beyond the date stated or identified in the notice of determination.

(c) That any further information claimant may need or desire can be obtained together with assistance in filing his appeal, protest, or request for redetermination from the local office.

If the information is given in separate material, the notice of determination would adequately refer to such material if it said, for example, "For other information about your (appeal), (protest), (redetermination) rights, see pages — to — of the — (name of pamphlet or booklet) heretofore furnished to you."

6014 Separation Information Requirements Designed To Meet Department of Labor Criteria

A. Information to agency. Where workers are separated, employers are required to furnish the agency promptly, either upon agency request or upon such separation, a notice describing the reasons for and the circumstances of the separation and any additional information which might affect a claimant's right to benefits. Where workers are working less than full time, employers are required to furnish the agency promptly, upon agency request, information concerning a claimant’s hours of work and his wages during the claim periods involved, and other facts which might affect a claimant's eligibility for benefits during such periods.

When workers are separated and the notices are obtained on a request basis, or when workers are working less than full time and the agency requests information, it is essential to the prompt processing of claims that the request be sent out promptly after the claim is filed and the employer be given a specific period within which to return the notice, preferably within 2 working days.

When workers are separated and notices are obtained upon separation, it is essential that the employer be required to send the notice to the agency with sufficient promptness to insure that, if a claim is filed, it may be processed promptly. Normally, it is desirable that such a notice be sent to the central office of the agency, since the employer may
Employment and Training Administration, Labor

not know in which local office the worker will file his claim. The usual procedure is for the employer to give the worker a copy of the notice sent by the employer to the agency.

B. Information to worker.

1. Information required to be given. Employees are required to give their employers information and instructions concerning the employees' potential rights to benefits and concerning registration for work and filing claims for benefits. The information furnished to employees under such a requirement need not be elaborate; it need only be adequate to insure that the worker who is separated or who is working less than full time knows he is potentially eligible for benefits and is informed as to what he is to do or where he is to go to file his claim and register for work. When he files his claim, he can obtain more detailed information.

In States that do not require employers to furnish periodically to the State agency detailed reports of the wages paid to their employees, each employer is required to furnish to his employees information as to: (a) The name under which he is registered by the State agency, (b) the address where he maintains his payroll records, and (c) the workers' need for this information if and when they file claims for benefits.

2. Methods for giving information. The information and instructions required above may be given in any of the following ways:

a. Posters prominently displayed in the employer's establishment. The State agency should supply employers with a sufficient number of posters for distribution throughout their places of business and should see that the posters are conspicuously displayed at all times.

b. Leaflets. Leaflets distributed either periodically or at the time of separation or reduction of hours. The State agency should supply employers with a sufficient number of leaflets.

c. Individual notices. Individual notices given to each employee at the time of separation or reduction in hours.

It is recommended that the State agency's publicity program be used to supplement the employer-information requirements. Such a program should stress the availability and location of claim-filing offices and the importance of visiting those offices whenever the worker is unemployed, wishes to apply for benefits, and to seek a job.

6015 Evaluation of Alternative State Provisions with Respect to Claim Determinations and Separation Information. If the State law provisions do not conform to the suggested requirements set forth in sections 6013 and 6014, but the State law contains alternative provisions, the Bureau of Employment Security, in collaboration with the State agency, will study the statistical or anticipated effects of the alternative provisions. If the Administrator of the Bureau concludes that the alternative provisions satisfy the criteria in section 6012, he will so notify the State agency. If the Administrator of the Bureau does not so conclude, he will submit the matter to the Secretary. If the Secretary concludes that the alternative provisions satisfy the criteria in section 6012, the State agency will be so notified. If the Secretary concludes that there is a question as to whether the alternative provisions satisfy the criteria, the State agency will be advised that unless the State law provisions are appropriately revised, a notice of hearing will be issued as required by the Code of Federal Regulations, title 20, §601.5.

APPENDIX "C" TO PART 614—STANDARD FOR FRAUD AND OVERPAYMENT DETECTION

EMPLOYMENT SECURITY MANUAL (PART V, SECTIONS 7510–7515)

7510–7519 Standard for Fraud and Overpayment Detection

7510 Federal Law Requirements. Section 303(a)(1) of the Social Security Act requires that a State law include provisions for:

"Such methods of administration * * * as are found by the Secretary to be reasonably calculated to insure full payment of unemployment compensation when due."

Section 1603(a)(4) of the Internal Revenue Code and section 303(a)(6) of the Social Security Act require that a State law include provision for:

"Expenditure for all money withdrawn from an unemployment fund of such State, in the payment of unemployment compensation * * *"

Section 1607(b) of the Internal Revenue Code defines "compensation" as "cash benefits payable to individuals with respect to their unemployment."

7511 The Secretary's Interpretation of Federal Law Requirements. The Secretary of Labor interprets the above sections to require that a State law include provisions for such methods of administration as are, within reason, calculated (1) to detect benefits paid through error by the agency or through willful misrepresentation or error by the claimant or others, and (2) to deter claimants from obtaining benefits through willful misrepresentation.

7513 Criteria for Review of State Conformity With Federal Requirements. In determining State conformity with the above require-
ments of the Internal Revenue Code and the Social Security Act, as interpreted by the Secretary of Labor, the following criteria will be applied:

A. Are investigations required to be made after the payment of benefits, (or, in the case of interstate claims, are investigations made by the agent State after the processing of claims) as to claimants' entitlement to benefits paid to them in a sufficient proportion of cases to test the effectiveness of the agency's procedures for the prevention of payments which are not due? To carry out investigations, has the agency assigned to some individual or unit, as a basic function, the responsibility of making or functionally directing such investigations?

Explanation: It is not feasible to prescribe the extent to which the above activities are required; however, they should always be carried on to such an extent that they will show whether or not error or willful misrepresentation is increasing or decreasing, and will reveal problem areas. The extent and nature of the above activities should be varied according to the seriousness of the problem in the State. The responsible individual or unit should:

1. Check paid claims for overpayment and investigate any willful misrepresentation or, alternatively, advise and assist the operating units in the performance of such functions, or both;

2. Perform consultative services with respect to methods and procedures for the prevention and detection of fraud; and

3. Perform other services which are closely related to the above.

Although a State agency is expected to make a full-time assignment of responsibility to a unit or individual to carry on the functions described above, a small State agency might make these functions a part-time responsibility of one individual. In connection with the detection of overpayments, such a unit or individual might, for example:

(a) Investigate information on suspected benefit fraud received from any agency personnel or sources outside the agency, including anonymous complaints;

(b) Investigate information secured from comparisons of benefit payments with employment records to detect cases of concurrent working (whether in covered or noncovered work) and claiming of benefits (including benefit payments in which the agency acted as agent for another State).

The benefit fraud referred to herein may involve employers, agency employees, and witnesses, as well as claimants.

Comparisons of benefit payments with employment records are commonly made either by post-audit or by industry surveys. The so-called "post-audit" is a matching of central office wage-record files against benefit payments for the same period. "Industry surveys" or "mass audits" are done in some States by going directly to employers for pay-roll information to be checked against concurrent benefit lists. A plan

A. of investigation based on a sample post-audit will be considered as partial fulfillment of the investigation program; it would need to be supplemented by other methods capable of detecting overpayments to persons who have moved into noncovered occupations or are claiming interstate benefits.

B. Are adequate records maintained by which the results of investigations may be evaluated?

Explanation. To meet this criterion, the State agency will be expected to maintain records of all its activities in the detection of overpayments, showing whether attributable to error or willful misrepresentation, measuring the results obtained through various methods, and noting the remedial action taken in each case. The adequacy and effectiveness of various methods of checking willful misrepresentation can be evaluated only if records are kept of the results obtained. Internal reports on fraudulent and erroneous overpayments are needed by State agencies for self-evaluation. Detailed records should be maintained in order that the State agency may determine, for example, which of several methods of checking are the most productive. Such records also will provide the basis for drawing a clear distinction between fraud and error.

C. Does the agency take adequate action with respect to publicity concerning willful misrepresentation and its legal consequences to deter fraud by claimants?

Explanation. To meet this criterion, the State agency must issue adequate material on claimant eligibility requirements and must take necessary action to obtain publicity on the legal consequences of willful misrepresentation or willful nondisclosure of facts.

Public announcements on convictions and resulting penalties for fraud are generally considered necessary as a deterrent to other persons, and to inform the public that the agency is carrying on an effective program to prevent fraud. This alone is not considered adequate publicity. It is important that information be circulated which will explain clearly and understandably the claimant's rights, and the obligations which he must fulfill to be eligible for benefits. Leaflets for distribution as posters placed in local offices are appropriate media for such information.

7515 Evaluation of Alternative State Provisions with Respect to Erroneous and Illegal Payments. If the methods of administration provided for by the State law do not conform to the suggested methods of meeting the requirements set forth in section 7511, but a State law does provide for alternative methods of administration designed to accomplish the same re-

suita, the Bureau of Employment Security, in collaboration with the State agency, will study the actual or anticipated effect of the alternative methods of administration. If the Bureau concludes that the alternative methods satisfy the criteria in section 7513, it will so notify the State agency. If the Bureau does not so conclude, it will submit to the Secretary the results of the study for his determination of whether the State's alternative methods of administration meet the criteria.*
