<sup>1</sup> States are requested to enter the amount set out in this chart for their state on their Application for Federal Assistance, SF-424 as the FY 2022 TaOA estimated funding level. These estimated amounts are consistent with §§20 CFR 618.910-930. Section 4.c. of this guidance provides additional information about how the estimated amounts are calculated. Throughout the FY, ETA will calculate actual amounts for each state for the Initial Allocation, (combined with the Second Distribution for FY 2022) and the final Distribution and inform states of these amounts in guidance. For FY 2022, TaOA funds are subject to the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA), as amended by the Budget Control Act of 2011 (BCA) (also known as sequestration), which requires a reduction in the TaOA funding authority of 5.7 percent, which the Department applies to TaOA funds. Actual TaOA funding amounts for each state will reflect reductions to TaOA funding due to sequestration, as well as any funds awarded to states during the FY through reserve requests.
