- TEGL 18-15 Change 1, Revised Program Year 2016 Planning Instructions and Allotments for SCSEP National Grantees (SCSEP).

3. **Background.** TEGL 18-15, Change 1 provided the allocations and necessary planning instructions for current national grantees for the first quarter of PY 2016. This Change 2 contains the allocations and necessary planning instructions for the second quarter of PY 2016. SCSEP funds are competitively awarded to national non-profit agencies and renewed annually for four years (subject to annual appropriations), with an optional one-year extension. On March 15, 2016, DOL announced the opening of a Funding Opportunity Announcement (FOA) for the national portion of SCSEP. ETA then decided to reopen the SCSEP FOA period through the closing date of July 25, 2016, to help ensure adequate coverage of the necessary geographic areas and associated participant slots. Since this is a competition year, ETA wants to ensure that service delivery is seamless for the grantees and program participants by providing a transition period to prevent any unnecessary breaks in service and to minimize disruption. Changes to participant slot assignments that will happen as a result of the 2016 competition will be implemented on January 1, 2017. Therefore, current national grantees will continue service through the first two quarters of PY 2016. As of January 1, 2017, new grantees and grantees with changing participant slots will be responsible for providing services to the participants for slots awarded to them as a result of the 2016 competition.¹

4. **Overall Approach.** The Department of Labor (the Department) issued new grants to current national grantees for the first quarter of PY 2016 to continue services to their current authorized positions in their current areas. It will modify these grants to add funding for the second quarter (October 1, 2016 through December 31, 2016). These modifications will be one quarter's proportional share, i.e. 25 percent, of the PY 2016 funding, to serve participants during the second quarter. Current grantees must submit the required documents by **September 13, 2016.**

We will allocate the remaining PY 2016 funds after announcing the FOA results. At that time any current national grantees that successfully applied under the competition will receive a further modification of its PY 2016 grant for the remainder of the program year, January 1, 2017 through June 30, 2017. In accordance with 20 CFR 641.420, current

1 - Page 66 of the Funding Opportunity Announcement that reopened the 2016 SCSEP competition cited January 2, 2017, as the estimated effective date for all transfers. Please note that ETA has decided that this date will be January 1, 2017, as announced in this TEGL Change-2.

grantees that are not successful will be required to assist in transition activities during the remainder of the second quarter to minimize disruption for participants.

5. **Notice of Award (NOA).** The Department plans to issue NOAs to the current national grantees' PY 2016 grants with allocation amounts for the SCSEP program for the second quarter of PY 2016.
6. **PY 2016 Program Allotments.** See Attachment A for funding amounts and authorized positions for the second quarter of PY 2016. These funding amounts and authorized positions are the same as for the PY 2016 first quarter. Guidance for allocations for the remaining program year will be provided after the national competition is completed.
7. **Action Requested.** Current national grantees must submit the following documentation:
 - a. SF-424 http://apply07.grants.gov/apply/forms/sample/SF424_2_1-V2.1.pdf; (for second quarter only);
 - b. SF-424A <http://apply07.grants.gov/apply/forms/sample/SF424A-V1.0.pdf>; (cumulative total for first and second quarter);
 - c. Budget Narrative for the second quarter only allocations; and
 - d. Optional Special Requests (as applicable).

The generic Statement of Work addressing the programmatic activities incorporated into the PY 2016 grants remains in effect for the second quarter. No other narrative information will be required for the period covering the second quarter.

Optional Special Requests. The Department will carry forward all optional special requests submitted and approved for PY 2016. However, if a grantee wishes to amend a currently approved optional special request or to submit a new optional special request for the second quarter, the grantee must submit its request following the guidelines and instructions included in Attachment B. Please submit all documents related to this second quarter award to grants.scsepdocs@dol.gov on or before **September 13, 2016**.

A more specific narrative supporting optional special requests for quarters three and four may be required for all successful grantees awarded in the competition. After grant awards are made, successful grantees that choose to submit optional special requests for the remaining two quarters of PY 2016 (January 1, 2017 through June 30, 2017) will be required to submit appropriate documentation for optional special requests at a later date. The Department will issue subsequent guidance describing this documentation and specifying the due date.

8. **Inquiries.** Please direct questions regarding these allotments to the appropriate Federal Project Officer. Information on the allotments and planning requirements may also be found in the FOA, available at <http://www.grants.gov/web/grants/view-opportunity.html?oppId=285373>.

PY 2016 OPTIONAL SPECIAL REQUESTS

Note: Submit an optional special request for Options 1- 6 only if you wish to amend an approved PY16 special request or wish to add one of these special requests for Quarter 2.

Grantees with special requests in one or more of the following areas must submit each request in a separate, clearly titled document. Requests must adhere to the statute and regulations, and provide a substantive rationale such as improved program management, better service to participants, or least disruption possible to participants. Any optional special request submitted at this time must provide an appropriate timeline and budget for the second quarter of PY 2016.

- 1. Change 48-Month Individual Durational Limit (IDL) Waiver Options – 20 CFR 641.570(b).**
*(Submit **only** if you are requesting a change.)* To change your current IDL policy, you must request and receive Departmental approval for one of the following IDL policies, as described in SCSEP regulations at 20 CFR 641.570 (b). If you are changing your policy to make it more restrictive, it must have an effective date of at least 120 days after written approval.

If you propose to change your existing IDL policy, you must describe:

- a) Your currently approved IDL policy.
 - b) Which of the options below you propose to adopt:
 - i. *Option 1:* No extensions to any participants; all participants exit at 48 months.
 - ii. *Option 2:* Extensions to every participant who meets at least one of the seven waiver factors; there can be a limit to the number of times any participant can receive a twelve-month extension.
 - iii. *Option 3:* Extensions to every participant who meets a specific subset of the seven waiver factors; there can be a limit to the number of times any participant can receive a twelve-month extension.
 - c) A reasonable transition plan that addresses when and how you will notify participants of the change, and the planned activities to prepare participants for exit from the program.
- 2. Additional Funds for Participant Training and Supportive Services (ATSS) – 20 CFR 641.874**
*(Submit **only** if you are requesting an amendment to your PY 16 grant or an addition for PY 16 quarter two. Note that this request must be submitted 90 days before the proposed date of implementation, with the Department acting on the request at least 30 days before the implementation date.)* The 2006 Amendments to the OAA and 20 CFR 641.874 permit an exception to the 75 percent minimum level of expenditures on participant wages and fringe benefits. This exception allows you to use not less than 65 percent of program funds for participant's wages and fringe benefits, so that up to an additional 10 percent of funds are available for training and supportive services that directly benefit participants.

If you wish to request the use of additional funds for training and supportive services for the first quarter of PY 2016, you must provide:

- a) A description of the activities for which the grantee will spend the grant funds described in paragraphs (a)(3) and (a)(4) of 20 CFR 641.874;

- b) Description of how the provision of such activities will improve the effectiveness of the project, including:
 - o An explanation of whether any displacement of eligible individuals or limitation of positions for such individuals will occur.
 - o Information on the number of individuals to be displaced and of positions to be eliminated.
 - o Clarification of how the activities described will improve employment outcomes for the individuals served.
- c) A proposed budget and work plan for the activities, including a detailed description of how the funds will be spent on the activities described in paragraphs (a)(3) and (a)(4) of 20 CFR 641.874. The budget and work plan should detail both the additional training and support services that will be provided to SCSEP participants and the associated cost for each activity. Please ensure that items discussed in the work plan are included clearly in the budget or budget narrative. If we do not approve this optional special request, you will need to submit a revised SF424A and budget narrative to reflect costs without this waiver.
- d) Grantees with approved requests for ten percent additional funds may choose to apply the provision unilaterally for all sub recipients, or to individual sub-recipients but need not provide this opportunity to all their sub recipients. If the grantee applies this provision to its sub recipients, the grantee should provide a detailed description on how the funds will be allocated and include a detailed budget and work plan for each sub recipient, if it is not applying the provision unilaterally.

3. Increase in Administrative Cost Limitations – 20 CFR 641.870. *(Submit only if you are requesting an amendment to your PY 16 grant or an addition for PY 16 quarter two.)* The Department may authorize an increase in the amount available for administrative costs to not more than 15 percent, as described in 20 CFR 641.870, if it determines that it is necessary to carry out the project, and if you demonstrate *one* of the following:

- a) You are incurring major administrative cost increases in necessary program components.
- b) The number of community service assignment positions or eligible minority individuals participating in the project will decline if administrative costs are not increased.
- c) The project size is so small that the amount of administrative expenses incurred to carry out the project necessarily exceeds 13.5 percent of project funding.

4. Extension of Average Project Duration – 641.570(c). *(Submit only if you are requesting an amendment to your PY 16 grant or an addition for PY 16 quarter two.)* The maximum average project duration based on overall participation is 27 months, but you may request permission from the Department to increase your maximum average project duration to 36 months, as described in 641.570(c). Your request must include:

- a) A statement of your current average duration and an estimate of your average duration for the coming program year.
- b) A description of your efforts to achieve an average duration of 27 months.
- c) The exceptional circumstances that warrant an extension to 36 months, as set forth in the regulations:
 - i. High rates of unemployment, poverty, or participation in the program of block grants to states for temporary assistance for needy families established under part A of title

- IV of the Social Security Act, in the areas served by you, relative to other areas of the state or nation;
- ii. Significant downturns in the economy of an area served by you or in the national economy;
 - iii. Significant numbers or proportions of participants with one or more barriers to employment (including “most-in-need” individuals as described in 20 CFR 641.710(a)(6)) served by you, relative to such numbers or proportions for grantees serving other areas of the state or nation;
 - iv. Changes in Federal, state, or local minimum wage requirements; or
 - v. Limited economies of scale for the provision of community service employment and other authorized activities in the areas served by you.

5. On-the-Job Experience (OJE) Training Option – 20 CFR 641.540(c). *(Submit **only** if you are requesting an amendment to your PY 16 grant or an addition for PY 16 quarter two.)* If you wish to use OJE described in 20 CFR 641.540(c), you must meet the requirements stipulated in Older Worker Bulletin 04-04. You must provide a copy of your OJE policy and sample contracts to the Department for approval before you can exercise this option.

6. Rotation Policy - 20 CFR 641.575. *(Submit **only** if you are requesting an amendment to your PY 16 grant or an addition for PY 16 quarter two.)* You may establish a policy of rotating participants to a new host agency or a different assignment within the current host agency, but must submit that policy to the Department for approval, as described in 20 CFR 641.575. You must assure that you will make an individualized determination that a rotation is in the best interest of the participant, and that it will further the acquisition of skills listed in the individual employment plan (IEP).
