Frank H. Fleeer Corporation, Mt. Laurel, New Jersey, and Costa Mesa, California, Slidell, Louisiana, Lake Forest, Illinois; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 26, 1996, applicable to all workers of Frank H. Fleeer Corporation located in Philadelphia, Pennsylvania. The notice was published in the **Federal Register** on August 26, 1996 (61 FR 43791).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations occurred at Costa Mesa, California, Slidell, Louisiana, and Lake Forest, Illinois locations of Frank H. Fleeer Corporation. These locations provided marketing and sales services for the entertainment cards and confectionery that was produced at the Philadelphia, Pennsylvania location of Frank H. Fleeer Corporation.

The intent of the Department's certification is to include all workers of Frank H. Fleeer Corporation adversely affected by increased imports of entertainment cards and confectionery.

Accordingly, the Department is amending the worker certification to include the workers of Frank H. Fleeer Corporation located in Costa Mesa, California, Slidell, Louisiana, and Lake Forest, Illinois.

The amended notice applicable to TA-W-32,435 is hereby issued as follows:

"All workers of Frank H. Fleeer Corporation, Mt. Laurel, New Jersey (TA-W-32,435A), Costa Mesa, California (TA-W-32,435B), Slidell, Louisiana (TA-W-32,435C), and Lake Forest, Illinois (TA-W-32,435D) who became totally or partially separated from employment on or after May 23, 1995 through July 26, 1998 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington D.C. this day 17th of November, 1998.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.

Geneva Steel, Vineyard, Utah; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on October 23, 1998, applicable to workers of Geneva Steel in Provo, Utah. The notice was published in the **Federal Register** on November 10, 1998 (63 FR 63078).

The Department reviewed the certification for workers of the subject firm producing steel products and found that the decision document incorrectly identified the city in which the plant is located. Provo, Utah is a mailing address; the plant is located in Vineyard, Utah. Accordingly, the Department is amending the certification to reflect this matter.

The amended notice applicable to TA-W-35,034 is hereby issued as follows:

"All workers of Geneva Steel, Vineyard, Utah, who became totally or partially separated from employment on or after September 18, 1997 through October 23, 2000, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, D.C. this 4th day of December 1998.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.

[TA-W-33,974]

Lightalarms Electronics Corporation, Baldwin, New York; Notice of Negative Determination on Reconsideration

On February 11, 1998, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on February 24, 1998 (63 FR 9264).

The Department initially denied TAA to workers of Lightalarms-Baldwin because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The company made a strategic business decision to shift production to another domestic facility. The workers at the subject firm were engaged in employment related to the production of emergency lighting products.

The petitioner asserted that the subject firm shifted production of emergency lighting products to Canada and imported them into the U.S.

On reconsideration, the Department requested that Lightalarms provide additional information about imports of emergency lighting products, and information concerning overall domestic employment and production related to emergency lighting products.

Additional information provided by the company indicates that overall domestic employment related to the production of emergency lighting products has increased since the shift in production from the subject facility to its other domestic facility. The investigation also revealed that the subject firm is not importing like or directly competitive articles into the U.S. from Canada.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Lightalarms Electronics Corporation, Baldwin, New York.

Signed at Washington, D.C., this 9th day of December 1998.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.
