Powers Holdings, Incorporated, Curtis Industries Division, Milwaukee, WI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on April 8, 1998, applicable to workers of Powers Holdings, Incorporated located in Milwaukee, Wisconsin. The notice will soon be published in the **Federal Register**.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New findings on review show that there are two divisions of Powers Holdings operating at the Milwaukee plant. Workers, subject of the petition investigation, producing terminal blocks, along with some production of controls, RFI filters, and sockets are affiliated with the Curtis Industries Division of the subject firm.

Accordingly, the Department is amending the worker certification to reflect this matter.

The amended notice applicable to TA-W-34,219 is hereby issued as follows:

"All workers of Powers Holdings, Incorporated, Curtis Industries Division, Milwaukee, Wisconsin, who became totally or partially separated from employment on or after January 15, 1997 through April 8, 2000, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, D.C. this 28th day of April 1998.

United Technologies Automotive Columbus, Mississippi; Notice of Negative Determination Regarding Application for Reconsideration

By application postmarked April 20, 1998, the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers (IUE), Local 794, requested administrative

reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on March 5, 1998, and published in the **Federal Register** on March 23, 1998 (63 FR 13878).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The IUE Local 794 asserts that in December 1996, the production of starter motors and commercial starter motors was shifted from the Columbus, Mississippi plant to Mexico. The IUE Local 794 states that as a result of that shift in production, 225 workers were separated from employment in December 1996, and add that the TAA petition investigation did not include the workers producing these articles.

The January 8, 1998, petition for TAA filed with Department on behalf of workers at United Technologies
